Accommodation guidelines

Accommodation has been arranged for the first 2 weeks after your arrival in Brisbane in an apartment located within easy reach of the University. The apartment consists of a lounge/dining area, separate bathroom and full kitchen facilities comprising gas cook top, family size microwave and electrical appliances. The apartments also have TV.

Cleanliness

Please leave the apartment in a clean and tidy state when you check out. The apartments are not serviced. You will be charged if dishes need to be washed, and also for any damages or breakages.

Meals

You will need to buy or cook your own meals during your stay. There are many shops and restaurants located close to the apartment. Please note that you will need to clean any dishes used and the kitchen after use as apartments are not serviced.

Telephone and Internet

Telephone and internet facilities are available. You will need to pay for any telephone or internet used during your stay.

Smoking

The apartments are non-smoking; if you would like to smoke please do so outside the building.

Bathroom Etiquette for International Students

Western bathrooms are often quite different to those found in other countries. Here are some basic guidelines to using the bathroom in Australia.

In Australia, all washing is done inside the bath or shower. Please ensure that you place shower curtains inside the bath or shower and close any shower doors during use so that the bathroom floor stays dry.

The next 2 pages show how to use a Western toilet.

Please look after the bathroom by keeping it clean, neat and dry after use.
Use of male toilets
